DOLLY PARTON'S IMAGINATION LIBRARY

Why Dolly Parton's Imagination Library?

Dolly Parton's Imagination Library is putting books in the arms of children across the globe and right here in our community. Access to books is a vital pillar for early childhood education and literacy. **Did you know, 60% of area third-graders are not meeting state requirements for sufficient reading skills?**

When children learn the love of reading from a young age, they have the opportunity to excel in school and thrive throughout their lives.

Local Impact

With the support of our community, we have mailed over 330,000 books to over 10,000 children ages 0-5. Having the Imagination Library in our region is directly increasing literacy scores on Kindergarten Readiness Exams to date.
